

Philips_AC3220_10

Price: Rs. 450,000

Details : Tailored for people with allergies and respiratory sensitivities, the Allergy Relief Purifier employs a True HEPA filter, carbon layer, and ultra-fine mesh pre-filter to trap even the tiniest irritants like pollen, mold spores, pet dander, and dust mites. It also features smart sensors that detect and react to airborne allergen levels. Ideal for bedrooms or nurseries, it runs in silent mode, includes a child lock, and helps maintain a safe breathing environment year-round.
